The Richland Farmers' Market Welcomes New Vendors-

The Market is open Wednesday evenings, 3:30 pm to 7 pm, from June until the end of October. The goals of the market are threefold: 1) to be a profitable outlet for the farmers who sell there, 2) to create a gathering spot and opportunity for social interactions for Richland area residents, and 3) to provide a predictable, ample selection and variety of high quality fresh, locally-grown produce for customers.

Our site is currently located at the Richland Area Community Center.
<http://www.richlandareacc.org>. In order to facilitate as many vendors as possible, we are allowing monthly and weekly participation in the market. Since this is our first year in operation and we are refining our processes to make for a safe, enjoyable evening for both vendors and customers. If you have any suggestions/comments, please let us know. We look forward to hearing from you.

Regards,

Richland Farmers' Market Committee
